please do not report the images to the
Image Problem Mailbox.**

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (currently amended) An overflow system for a bathtub which has a bottom, and adjacent side and endwalls, a drain port in the bottom, and overflow port in an endwall, comprising:
a drain pipe adapted to be in communication with said drain port and said overflow port,
said drain pipe having an inverted L-shape, including a horizontal leg extending into and through the overflow ~~part~~ port of the bathtub, and a vertical leg extending downwardly for connection to a fluid drain system, and
~~and a solid cap threaded into interior threads of the~~
horizontal leg extending through the overflow port to close the end of the horizontal leg.
2. (currently amended) A plumbing test system comprising:
~~a~~ an overflow pipe having a first exposed end and second end in communication with a fluid source, wherein the first end comprises an internal threaded portion, and
~~a solid cap assembly~~ threadably mounted in the first end and wherein a portion of the cap ~~assembly~~ is composed of a material capable of sealing the first end when the cap is threaded onto the first end.
